Madam Peggy Varfley Meres  
The Executive Director  
Public Procurement Concessions Commission (PPCC)  
Executive Grounds  
Monrovia, Liberia

Dear Madam Meres:

On August 16, 2012, Boimah Engineering Inc. (BeI) wrote the Chief Executive Officer of Liberia Electricity Corporation, Mr. Shahid Mohammad, asking him to kindly review the entire bidding process that was conducted for the consultancy services for the renovation of the LEC Warehouse facilities, design of a bridge, design of the proposed storage facilities and grading design to control run-off around LEC Warehouse on Bushrod Island. As of today's date, we have not received any communication from the CEO.

As a result, we are asking for your Commission intervention to bring closure to this process that we have written the Mr. Shahid Mohammad to review. Please find enclosed with this letter copy of communications with LEC.

We look forward to your kind cooperation in this endeavor to resolve this issue.

Respectively yours,

*John K. Boimah*  
John K. Boimah, PE  
CEO

*10/9/12  
Pls. have Mr. Tolon  
review and advise me  
accordingly.*
