THE EXECUTIVE MANSION  
MONROVIA, LIBERIA

Office of the Minister  
& Chief of Staff to the President

**SAS/M-1/MOS/0338/2026/RL**

March 10, 2026

Hon. Andrew Peters  
**Executive Director**  
National Identification Registry (NIR)  
Monrovia, Liberia

Dear Mr. Executive Director,

Following the National ID Steering Committee meeting chaired by the President on January 12, 2026, I am writing to provide administrative guidance regarding the transformation of Liberia's National Foundational Identity System.

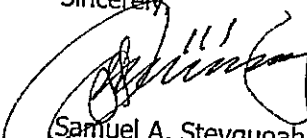

As agreed during the January 12th deliberations, you are hereby directed to proceed with single-source negotiations with Österreichische Staatsdruckerei (OeSD) International. This directive is issued to formalize the transition from a standard public-private partnership (PPP) model to a Concession Agreement, as proposed by the Vice President and adopted by the Steering Committee.

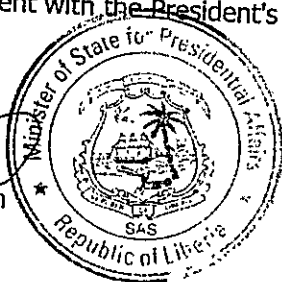

The negotiations should be guided by the following resolutions:

- **Concession Model:** OeSD is expected to front the investment costs for nationwide enrollment, removing the immediate financial burden from Government.
- **Universal Access:** The agreement must include provisions for the Government of Liberia to underwrite the cost of ID cards for economically underprivileged sectors of the population as a civic responsibility.
- **Revised Proposals:** The NIR should utilize the revised financial proposal submitted on January 27, 2026, and the technical parameters submitted on January 29, 2026, as the basis for these discussions.
- **Sustainability:** The final agreement must include clear measures for building the internal capacity of the National Identification Registry to ensure long-term sustainability.

The Board of Directors is requested to provide the necessary oversight to ensure this process is concluded in alignment with the President's vision and the April 2026 target for finalization.

Sincerely,

  
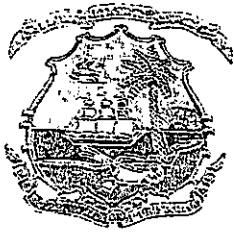

Samuel A. Stevquoah  
MINISTER

Cc:

His Excellency, Joseph Nyuma Boakai, President of the Republic of Liberia  
Hon. Francis S. Nyumanlin, Chairman, Board of Director, NIR  
Hon. Jeff B. Blibo, Chairman, National Investment Commission (NIC)

Date: July 5, 2025

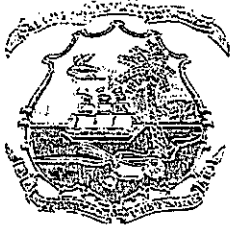

Subj.: **Implementation of Biometric ID Card System in Liberia**

Biometric technology with instant off-line verification for financial, commercial and government delivery offers a secure, efficient and convenient way to manage identity, national entitlements and privileges across various economic sectors. This is particularly important in today's digital, online and physical interactions.

Liberia procuring this technology will profoundly and positively impact economic growth, efficiency in government services, national security and voter's registration. It is therefore a core component of my good-governance and transparency agenda. This is a Cross-functional, multisector government delivery Project with wide geographic scope. It is therefore critical to appoint Project Steering Committee that is equally diverse and is charged with overseeing the development of this first-rate transformational technology and solution for Liberia and effect and complete rollout of the solution on or before April 13th 2026.

The committee is composed of:

1. Hon Samuel K. Woods Chairman
2. Ministry of Internal Affairs Member
3. Ministry of Foreign Affairs
4. Ministry of Post and Telecommunications
5. Liberia Telecommunications Authority
6. National Identification Registry
7. Central Bank of Liberia
8. National Elections Commission
9. Senior Economic Advisor
10. President Delivery Unit (MoS)

The Committee is to finalize the selection of a contractor and develop a detailed roll-out plan that covers the length and breadth of the country.

Finally, it is important to acknowledge that previous procurement actions led to the selection and verification of OSD International of Austria and the subsequent signing of a contract between the Government of Liberia, represented by NIR and LTA, and OSD. Recognizing the legal implications and the urgency of a timely resolution, it is hereby mandated that the previous procurement process be upheld.

January 30, 2026

Hon. Jeff B. Blibo  
**Chairman**  
National Investment Commission  
Monrovia, Liberia

Mr. Chairman:

I hereby constitute the Inter-Ministerial Concessions Committee (IMCC) to undertake a comprehensive review of the documentation and procedures related to the hiring of a concessionaire for the Build, Operate, and Transfer (BOT) Concession Project entitled: Transforming Liberia's National Foundational Identity System for Enhanced Service Delivery, Digital Governance, Inclusion, and Development through a Public-Private Partnership (PPP).

The IMCC shall be composed of the statutory members, with the following institutions designated as additional members:

- Ministry of State for Presidential Affairs
- National Identification Registry

The IMCC is hereby mandated to regulate and oversee the concession process from initiation through final approval, guaranteeing that the Public-Private Partnership delivers sustainable value and contributes significantly to national transformation, and also ensure that the examination and validation processes are carried out with the highest standards of transparency, accountability, and fairness.

Kind regards.

Sincerely,

  
Joseph Nyuma Boakai, Sr.
